POSITION

Concrete Carpenter / Precast Production Tech

SCHEDULE

Full-Time · Indoor Facility

LOCATION

Buena Vista, CO 81211

At **Peaks Precast**, we're redefining how homes and buildings get built — through innovative modular concrete systems cast right here in the Rockies. We're growing, and we're looking for experienced tradespeople who take pride in real, physical work.

THE WORK

- Build and assemble concrete forms and molds
- Tie and assemble rebar cages
- Pour, vibrate, and finish concrete
- Operate hand and power tools safely
- Run quality control checks on every piece
- Work as a team to hit daily production goals

WHAT WE'RE LOOKING FOR

- Construction, carpentry, or manufacturing experience required
- Strong work ethic and dependable attendance
- Able to lift 50+ lbs and work in a physical environment
- Sharp attention to detail and a safety-first mindset
- Positive attitude and pride in quality craftsmanship
